RE: Surplus Underwriters Casualty Insurance Company
Surplus Lines Eligibility
Voluntary Withdrawal

The current trend toward increasing capital and surplus requirements for eligibility as a surplus lines insurer has eroded our ability to underwrite our specialty business on a broad and demographically diverse basis. Without the continued availability of this marketplace, we do not believe we can achieve acceptable production results or stable loss experience. Accordingly, we are electing to withdraw as a surplus lines insurer to concentrate on writing business in our home state of Texas.

Our Company will continue to service current policyholders as we have in the past. Any losses currently reported or which are subsequently reported to us will be handled in the same manner as have been handled while an approved carrier.

We want to thank you for your consideration of Surplus Underwriters in the past, and, should we become eligible in the future, we would hope that you would entertain our application. We have included a copy of our 1994 Statutory statement, including Page 14 for your state. Should you have any questions or further requirements, please do not hesitate to contact me.

Sincerely,
Lawrence A. Willoughby
President
